

Handout**Enrichment****2 - 1**
Section 9**Geometry Guessing Game**

Rules of the game:

- The students sit in teams of 2. Give each student a handout.
- Each student chooses a figure and writes its number at the bottom of his or her handout.
- The students take turns asking each other questions to find out which figure their partner chose. The answer to any question must be yes or no.
- The first student to find his or her partner's figure wins the game.

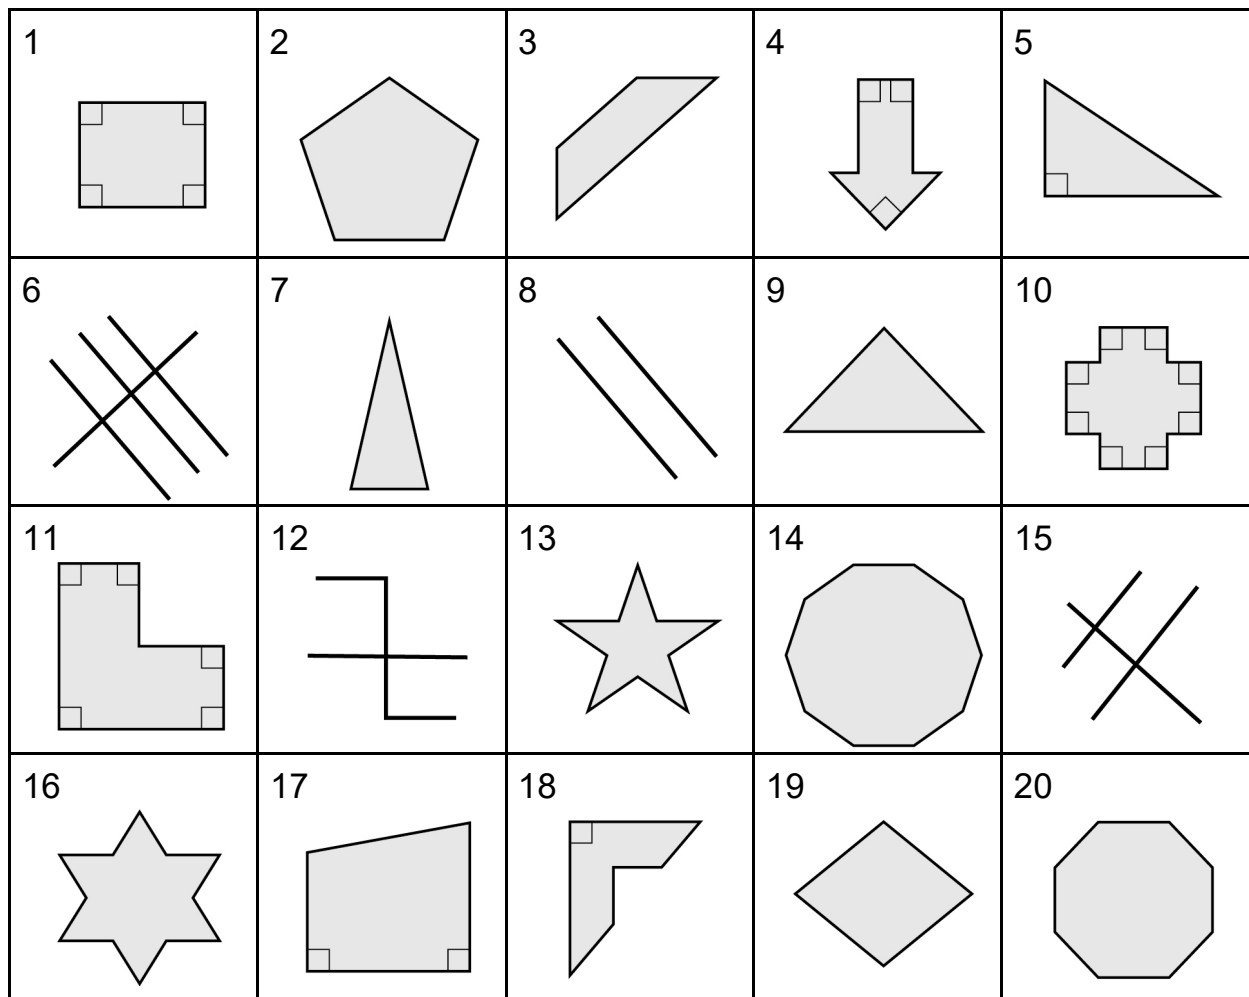

Figure chosen: _____
