## Equivalent Expressions - Equalities and Inequalities - Decimal Numbers and Fractions - Fractions and Percentages

1. Write the correct symbol between the expressions: = or $\neq$.
a) $41+13$
 $6 \times 9$
b) $89-28$ $\square$ $30+28$
c) $8 \times 4$

d) $60+8 \square 80-12$

My calculations
2. Match the equivalent expressions.
a) $45 \times 3$

- $51 \times 4$
b) $200+4$
- $215+118$
c) $567-234$ •
- $75+60$

My calculations
$\qquad$
3. Write the decimal number, the fraction and the percentage that match the coloured part of each grid.
Representation
a)

Decimal Number

d)
